Govt Model Senior Secondary School Sector 22-A Chandigarh
- ❖ **Bachelor of Computer Applications (BCA)** (2020-2023)
Sri Guru Gobind Singh College Sector 26 Chandigarh

PROJECTS

- ❖ **E-Commerce Website (Amazon Clone)**
My aim is to develop an e-commerce website that is user-friendly, intuitive, and responsive, and that offers a seamless shopping experience to users. My project will provide an opportunity to showcase my skills in web development, including React.js, JavaScript, HTML, and CSS, and demonstrate my ability to build complex web applications. Additionally, this project will enable me to gain practical experience in e-commerce web development, including essential features such as user registration, product listings, shopping cart functionality, payment processing, and order tracking.
- ❖ **Personal Portfolio Website**
As a skilled web developer, I created a dynamic and visually appealing personal portfolio website to showcase my professional work, skills, and accomplishments. Designed with a clean and modern aesthetic, the website serves as an interactive platform to highlight my expertise and attract potential employers or clients.

SKILLS

- Proficiency in HTML, CSS, and JavaScript.
